FINANCIAL INFORMATION INSTRUCTIONS – SEE DOCUMENTS IN SEPARATE ENVELOPE

This is Part I of the process. You must complete a College Costs Estimator. We understand that the information you provide to the National Center for College Costs is considered personal and confidential. An applicant summary report, which includes the Estimated Family Contribution (EFC), will be the only financial information seen by the scholarship committee and will be used only during the selection process.

As an added benefit for your family: By completing the College Costs Estimator form for this scholarship, you and your family will receive a customized report summarizing the results of your Estimator analysis. You will have access to the staff at the National Center for College Costs via a toll-free line and email in the months/years ahead should you need assistance with the college costs and financial aid issues at no costs to you.

If not completing an online form, please type or print neatly in black or blue ink on all documents. Your essay should be typed, double spaced, and no smaller or larger than a 12 font.
